Thanks Caitlain. I figured we probably missed a few of the those letter references. We'll get those fixed. Thanks for getting us the comments so quickly.

Subject: [External] ILA01 - PN Comments

Good Afternoon Darin,

I have completed the review for the Public Notice CAFO General Permit ILA01. Thank you for addressing all of the comments included in Enclosure A from the letter dated 02/10/2020. See attached document for your reference.

The only item that I wanted to bring to your attention was the lettering system. An example would be in Special Condition 3. It starts with the letter g, which is fine, however, within g it references Special Conditions (d through g), which does not exist letter wise. I was able to complete my review by re-lettering each section, but this will need to be corrected so that references are referenced correctly for the proposed permit. Please let me know if you have any questions regarding this. Thank you.
